similar programs and none of them seemed to be a good fit for my needs. I tested it and it does what I need." Mike C. "A great tool to get stock quotes in a terminal. I like the fact that it is easy to use. The developer is very responsive to questions and issues." Bob B. "It works fine, but the link in the support forum to download free trial version seems to be broken. " John K. "This is a great program that allows me to quickly search the stock market by company and then quickly download the stock quotes that I am interested in. It does exactly what it says and does it very well." George G. "It's fast, simple and it's free. I like the way it makes it easy to download the data you need without having to go through a bunch of websites. There are a lot of companies that provide stock data and it's always nice to be able to get it from a free source like this." Jerry D. "It's a good program. I like the fact that you don't have to log in to use it. It works great." Scott K. "I like the simple interface, that allows me to download stock quotes in a single click. I've tried other similar programs and they were difficult to use. This one is very easy to navigate." Mike G. "I like this program. It makes it easy to download stock quotes. I like that it's free, and I like that you don't have to register with any third party website to use it. I like that I can download data for companies that I trade, and I like that I can download historical quotes for many different exchanges, including NASDAQ and NYSE." Chris C. "It's a good program. It makes it easy to download stock quotes. I like that you don't have to log in to use it. I like that it's free." Joe C. "I like the fact that you can search for stocks by name or by company name and then download the stock data that you are interested in. It's a simple program that works very well." Bob B. "It's a great tool for trading and
