... problem with calling the Azure Kinect body tracker before initialization... race condition when processing body data and face detection , which can cause... While searching the web, I found several answers that seem to be related to what I'm getting, but not to what's going on. I currently have Visual Studio 2015 installed using Windows 10 Pro and Visual Studio 2017 installed with Windows 10 Enterprise. I am running C# and getting an error in Visual Studio. The internet says this is a Microsoft bug and I need to switch to Visual Studio 2017 to fix this issue. I have the following questions
