Select Your Hero and Equip Equipment

Feel free to update your hero and the equipment that you take on your journey. Equip armor or weapons that best suit your play style and then become a hero on the Fields of the Faint-Hearted and forge your legend.

EQUIP EQUIPMENT

How do you equip equipment? It will be decided for you by your character's functions.

1. Armor

You can first select the main and sub-main gear with a drop down menu. Each armor is divided into three categories, base, activated and worn, and these categories will determine the gear parts that can be upgraded.

You can equip armor as soon as you form your party. Each item will degrade over time; use equipment information in chat to know the degradation rate when the item is equipped. The rate at which the armor depreciates depends on the armor type and the type of gear you are wearing. When your armor is almost depleted, you can use a "Mechanic Suit" to upgrade it to prevent it from further degradation.

2. Weapons

You can select weapons by clicking on the tab. The weapons on display will be arranged in order of damage, according to the AT ARRIVE levels.

If you do not see the "Mechanic Suit" when activating the equipment, the equipment will default to your highest-quality weapon among the level equipment.

3. Magic

Your equipped magic will be on display in your inventory. You can choose based on your preferences. If the magic
